Dear Sir:

In response to the Official Action dated October 5,
2001, please amend the above-identified application as
follows: \

In the specification:

At page 9, line 24 of the specification, please replace the
existing paragraph with the following:

c2 --In yet another aspect of the invention, a method is provided
for identifying an agent capable of modulating the activity of
a protein kinase capable of phosphorylating Crk-II, by changes
in the relative proximity among at least a first position and
